She can't make me a drink  
Cause the woman has her foot on the back of my neck

Took her out for a date  
But she ain't sittin' with me  
500 in my pocket  
And she can't be late  
Don't love nothin' but the money  
But it's free  
You got to choose who you humiliate  
Not on mine  
But I know  
You would do the same  
If you ever run down  
Try to put it on me, you're just insane  
It's the power  
Sittin' on a goldmine  
PTP
