

# Black Label Society - Bridge to cross

Tom: E

(afinação 1/2 tom abaixo)

(intro) Em A

Hands on the wheel  
 All is straight ahead  
 Left behind  
 Second guessing all that I once said  
 C Bm  
 I once said, ohhh...  
 C Bm  
 I once said, ohhh...  
 Em D Bm Em  
 My spirit is bent and there's blood on my hands  
 C Bm Em  
 The more I'm down, the less I understand  
 Once so found, now so lost  
 I ask no questions,  
 There's just one more bridge to cross.  
 (volta no dedilhado)

Always black and white  
 Would change it if I could  
 I'll take what I'm handed  
 Whether it's damned or if it's good  
 C Bm  
 If it's good, ohh...  
 C Bm  
 If it's good, ohh...

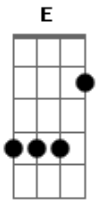

My spirit is bent and there's blood on my hands  
 The more I'm down, the less I understand  
 Once so found, now so lost  
 I ask no questions,  
 There's just one more bridge to cross.

(riff antes do solo)

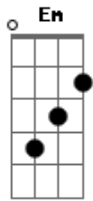

(solo)

(dedilhado)  
 My spirit is bent and there's blood on my hands  
 The more I'm down, the less I understand  
 Once so found, now so lost  
 I ask no questions,  
 there's just one more bridge to cross.
