

Black Label Society - Set You Free

tom:

Dbm

[Primeira Parte]

This passage of time

For I have always been

Through shadows of doubt

Again & again

[Pré-Refrão]

All that you wished

All that you need

Abandon your regrets

And then you'll see

[Refrão]

Take my hand

Walk with me

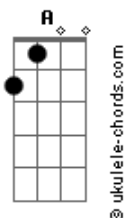

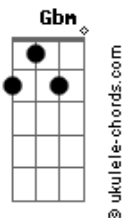

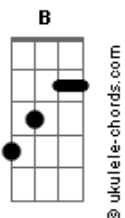

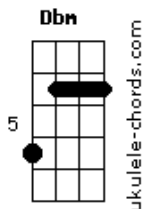

A world without end

I'll set you free

[Segunda Parte]

Dbm B

Acordes

Promises made

The oppressor of lies

The falsehood of truth

That can never die

[Pré-Refrão]

All that you wished

All that you need

Abandon your regrets

And then you'll see

[Refrão]

Take my hand

Walk with me

A world without end

I'll set you free

Take my hand

Walk with me

A world without end

I'll set you free
