

Black Pumas - Black Moon Rising

tom:
 Capostraste na 1ª casa

Under the raging sun's open fire fire
 Ain't nothin' new ain't nothin' new
 We all have desires
 I want you to be my woman babe
 Every time you get dressed in black
 you give a grown man a heart attack
 I pray that good Lord will bring you back
 You're my sunshine

Shoot me down and break my heart
 It's the black moon rising
 You brave the sight, I paint the picture
 And you want to do it
 Cause all she wants to do is cruise to black moon rising
 Right on right on baby
 Cruise

What's going on
 Same ol thing just a different season
 One hundred years and the only time she gets dressed in black

Taking flight baby count you down
 On your way off without a sound
 Black moon rising above the clouds
 Your my sunshine

Shoot me down and break my heart
 It's the black moon rising
 You brave the sight, I paint the picture
 Of the black moon rising
 And all she wants to do is cruise
 Right on right on baby
 I ain't got nothing to now with the black moon rising
 Cruise
