

Black Pumas - Black Moon Rising

tom:
 Ebm (forma dos acordes no tom de Dm)
 Capostraste na 1ª casa

Under the raging sun's open fire fire fire

Ain't nothin' new ain't nothin' new

We all have desires

I want you to be my woman babe

Every time you get dressed in black

you give a grown man a heart attack

I pray that good Lord will bring you back

You're my sunshine

Shoot me down and break my heart

It's the black moon rising

You brave the sight, I paint the picture

And you want to do it

Cause all she wants to do is cruise to black moon rising

Right on right on baby

Cruise

What's going on

Same ol thing just a different season

One hundred years and the only time she gets dressed in black

Em

Taking flight baby count you down

On your way off without a sound

Black moon rising above the clouds

Your my sunshine

Shoot me down and break my heart

It's the black moon rising

You brave the sight, I paint the picture

Of the black moon rising

And all she wants to do is cruise

Right on right on baby

I ain't got nothing to now with the black moon rising

Cruise
