Black Sabbath - Born To Loose

Tom: C

This is the main riff as accurate as I could get it..

This is the chorus, I cant get it exacltly because I only have an acoustic guitar but it is something like that.

This is for when he starts singing "What you gonna do about it..." I don't know if it is 100% correct you must try it for yourself as well as the rest of the partiture: as I said

before I only have an acoustic guitar so keep tryng. As for the solo, I can't get the solo with an acoustic guitar. If you wanna point out any mistake I've made or even bring a better riff, send me an e|-mail: handrecp@hotmail.com.
Note durring this last part of partiture a second guitar keeps playng this:
     /\/\/\/\/\/\/\/

make it really wammy...

/\- Vibrato make it really wammy.
/-Slide

Remember to de tune your guitar to C#....
