

Black Sabbath - Electric Funeral 0

Electric Funeral
 tabbed by mudthebassist

I made this tab because it was depressing seeing all the bad tabs floating around the and only a small amount of them being anywhere near correct. So I tabbed it out myself by after many replays and watching tons of live vids, enjoy.

Repeat until thoroughly faded.

And that's my tab, I'm positive this is at least 99% correct, if I didn't get the crashing down" solo part right.

Look for live vids on YouTube and listen to the bass before you take a glance and downvote.
