

Black Sabbath - Hand of Doom

Tom: **Bb**

This is one of the bests Black Sabbath's songs, but i don't think that the general public likes it, 'cause i haven't seen the tab for this song anywhere!!

It's in the same "line" of Black Sabbath's songs, it consists in a lot of little riffs, which are (In order of appearance):

Riff 1:

The song starts with the bass guitar only, and this is what it plays:

Here is the guitar part for the first part of the song:

Riff 2:

Here is where the song "really" starts!!! This is a great guitar riff, and it's something like this:

Riff 3:

The chord changes here are really fast, so you have to listen to the record to catch the rythm...

Repeat Riff 2
Repeat Riff 3

Riff 4:

One more time, the chord changes are fast, so... you know...

Riff 5:

Now you have to use palm mutting, according with the tab below:

Repeat Riff 2

Guitar Solo:

I haven't catch it all yet, but it's almost done!!! When i catch it completely, i'll tab it...Sorry!

Riff 6:

It played immediately after the end of the guitar solo.

Repeat Riff 1
Repeat Riff 2
Repeat Riff 1
Repeat Riff 2
Repeat Riff 1

End of Song... now i'll put the Lyrics of the song...check it out!

--- Hand of Doom - Black Sabbath, from the album
PARANOIA

What you gonna do? Time's caught up with you
Now you wait your turn, you know there's no return
Take your written rules, you join the other fools
Turn to something new, now it's killing you

First it was the bomb, Vietnam napalm
Disillusioning, you push the needle in
From life you escape, reality's that way
Colours in your mind satisfy your time

Oh you, you know you must be blind
To do something like this
To take the sleep that you don't know
You're giving Death a kiss,
Oh, little fool now

Your mind is full of pleasure
Your body's looking ill
To you it's shallow leisure
So drop the acid pill, don't stop to think now

You're having a good time baby
But that won't last
Your mind's all full of things
You're living too fast
go out enjoy yourself
Don't bottle it in
You need someone to help you
To stick the needle in, yeah

Now you know the scene, your skin starts turning green
Your eyes no longer seeing life's reality
Push the needle in, face death's sickly grin
Holes are in your skin, caused by deadly pin

Head starts spinning 'round, you fall down to the ground
Feel your body heave, Death's hands starts to weave
It's too late to turn, you don't want to learn
Price of life you cry, now you're gonna die!

Sorry if it has mistakes about english, it's my first tablature and I think that it certainly has language errors...but you can understand anyway... Any comments, suggestions or questions, or if you wanna just talk about music, feel free to E-MAIL me at:
