Bb

Man of madness who lives in my head
 Keeping me awake at night he sits on my bed
 He drives me crazy, he won't go away
 Playing his game every night and everyday, yeah-ah

My mind feels heavy, my body feels weak
 Suicidal thoughts crying out for some sleep
 Impending doom is what I'm about
 Think I'm going mad without a shadow of doubt

Db I sense a serenity yeah
 Bb Is it really out there?
 Db I don't read the holy books 'cause they take me nowhere
 Ab I can't hold on yes I'm losing control
 Ab
