

# Black Sabbath - The Writ

Tom: Gb

(Guitar 1)

Tune down 1 1/2 steps (Db)

4/4 timing,

(Guitarra 1)

The way I feel is the Way I am I would start walking but I started

What kind of people do you..... Another joker who's a rock and roll

The faithful image of..... The endless ocean of emotion I swam

The shot troopers lying down... I wish they'd put an end to my running war

You bought and sold me with.... The voices in the deck that you never heard

Your folly finally got you..... A poisoned father with his poisonous son

I beg you please don't let.... The anger I once had has turned to a curse

All of the promises that ..... You're gonna get what is coming to you

(Guitar 1)

(Guitarra 2)

to run to you  
for you  
with you  
came through  
that's you  
on you  
that's true

Just to you  
Yeah for you  
Yeah with you  
Yeah it came true  
Yeah that's you  
Yeah curse you  
Ahh, that's true

(Guitarra 1)

(Guitarra 2)

Are you metal, are you man? You've changed in life since you began

Ladies digging gold from you Will they still dig now you're through

Are you Satan, are you man? You've changed in life since it began

Vultures sucking gold from you Will they still suck now you're through

(Guitar 1 & 2)

Yeah, began {Retorno daquela introdução do baixo}  
Yeah, you're through  
It began

Cats Rats  
The search is on so you just better run and find yourself another way  
Probably dead, they don't feel a thing keep them living for another day

Rat Brat  
You're a nonentity, you have no destiny. You are a victim of a thing unknown  
A mantel picture of a stolen soul, A fornication of your golden throne.

A smiling face it means..... So tired of sadness and of miser-

But everything is gonna..... If it don't I think I'll lose my mi-

But everything is gonna..... If it don't I feel I'll blow my mi-

U D U U D U U D {muted}

agora eh a parte q sai a guitarra (eu soh coloquei guitarra naun as outras partes)

My life it started, some time ago  
And where it will end, I don't know

I thought I was so good, I thought I was smart  
I feel my world is gonna part.

I know, I know, I know, yeah, yeah, I know  
Listen to me, while I sing this song  
You just might think the words are wrong

Too many people, advising me  
But they don't know what my eyes see
