

# Blackbear - Me & Ur Ghost

tom:  
 Em  
 I'm not alone, it's just me and your ghost  
 And this cripplin' depression  
 I thought I learned?my?lesson  
 But I threw?out my phone  
 And I burned all?your clothes  
 And now I'm not alone  
 It's just me and your ghost  
 Em G C G  
 I got four red bottoms, up in flames at my place now  
 G Am Em C  
 I burned three Chanel dresses, three words we don't say now  
 C G  
 And it's hard not to drink when it's the one thing I think about  
 Am Em  
 It's a lot of spiders in the attic, I don't mean to be dramatic  
 C G  
 But I think it's kinda tragic who we magically became now  
 Em G C G  
 I'm not alone, it's just me and your ghost  
 Am Em C G  
 And this cripplin' depression  
 C G  
 I thought I learned?my?lesson  
 Em G  
 But I threw?out my phone

 Am Em  
 You never cared about me, you just care about the likes, though

 Every time you pop up, you should see my fuckin' eye roll  
 Em G  
 I can't even kick it with the homies that we both know  
 C G Am

I can't even fuck with any places that we used to go  
 Em  
 Now all I got is just the memories of us though  
 C G  
 Burn it all down to the ground with your ghost

 I wish I could take back summer nights  
 C G  
 Erase all the vibes  
 Am Em  
 Leave the memories out to dry  
 C G  
 Delete forever, no archive  
 Em G  
 Take the words you said to me  
 C G  
 Hold on to them intentionally  
 Am Em  
 I know that eventually  
 I'ma set fire to the one thing I love the most  
 Burn it all to the ground with your ghost  
 Em G C G  
 I'm not alone, it's just me and your ghost  
 Am Em C G
