[Primeira Parte]

I don't wanna go home tonight all alone  
Cracks in my heart, got cracks in my phone  
Tried getting over you, over you  
That was really hard for me, hard to do

[Refrão]

Can't get a hold of myself tonight  
Guess I'm gonna hold myself through the night  
I don't wanna go home tonight all alone  
I'm finna get a one-way, Mexico, yeah

[Pré-Refrão]

Baby, baby, where'd you go?  
(Got me thinkin', got me thinkin'  
That it's better if I don't know)  
Baby, baby, where'd you go?  
(Got me thinkin' 'bout the past when I'm so low)

[Refrão]

I'm still stuck in the past  
With these pictures of you  
Knowing nothing will last forever  
Hide my face in a glass  
Drink my feelings for you  
Knowing nothing will last forever

[Pós-Refrão]

I'm sobbing in Cabo  
Without you, it's awful

[Segunda Parte]

There's nowhere in the world that make me feel right  
Where we left things off, can we bring to the light?  
With your girls in the summer, Calabasas by the pool  
Girl, I'm done being nice, and I'm done being cool

[Refrão]

## Acordes

I just can't get a hold of you anymore  
You're up in the air, my heart on the floor  
I don't wanna go home tonight all alone  
I'm finna get a one-way, Mexico
