

Blackfield - End Of The World

Tom: C

Opening 2x: Am G

Am
Don't you forget what I've told you
G F
So many years
Bb Am
We are hopeless and slaves to our fears
C Dm
We're an accident called human beings

Am
Don't be angry for loving the baby
G F
And say it's unreal
Bb Am
So many lives turned to salt
C Dm
Like roses who're hiding their thorns

(Am G)(2x)

C
It's the end of the world
G Am
The end of the world
Dm F
It's a prison for dreams and for hopes
Dm F
And still we believe there is God

C
It's the end of the world
G Am
The end of the world
Dm F
We're dead but pretend we're alive
Dm F
Full of ignorance, fools in disguise

(Am G)(2x)

(The same all the way:)]

In your room doing nothing
But staring at flickering screens
Streets are empty, but still you can hear
Joy of children turning to tears

Disease hides around every corner
Quiet, lay still
Wait for a moment to hear
We forgot what is touch, what to feel

(Am G)(2x)

It's the end of the world
The end of the world
It's a prison for dreams and for hopes
And still we believe there is God
It's the end of the world
The end of the world
We're dead but pretend we're alive
Full of ignorance, fools in disguise

(Am G)(2x)

Take this pill, it will make you feel dizzy
And then give you wings
Soon, boy, you'll fall into sleep
Without nightmares, without any fears

If you wake up in hell or in heaven
Tell the angels we're here
Waiting below for a dream
Here in the garden of sin

(Am G)(2x)

It's the end of the world
The end of the world
It's a prison for dreams and for hopes
And still we believe there is God
It's the end of the world
The end of the world
We're dead but pretend we're alive
Full of ignorance, fools in disguise

(Am G)(2x)
