## VERSE 1

Yesterdddadaaaaay  
 We rolled down the streets, like rats  
 There was smoke all around me,

 To damage this town one more time.

Where so fashionable glittering eyes  
 The jury suspects its nine lives  
 But were like blind painters  
 We puke on our paper

Waiting to see what comes out.

 A noise with the suit and a ties  
 Soon there'll ask maybe,  
 Me and my lady  
 We are the X ray of life
