G D Em
 This room has a window that calls
 G D Em
 That tells you you've been there before
 C G
 A sundial in?the?sky
 G D Em
 The only reminder?of the days passing by
 G D Em
 You, my?old solitary friend
 G D Em
 For you I would wait 'til the end
 C G
 Just running down the time
 G D Em
 With all of our yesterdays left far behind
 Am Em
 Your debts have all been paid
 Am Em
 So go on and walk away
 Am Em
 I hope out there you'll stay on
 G D Em
 Where we won't cry no more

(Em G G D Em)
 (Em G G D Em)

G D Em
 The truth turns the needle through north
 G D Em
 And trusts us to follow its course
 C G
 But sometimes it's the lie
 G D Em
 That takes the day trembling in all its denial
 G D Em
 Now only one ruling is left
 G D Em
 When no one believes they'll be next
 C G
 And trails too far to find
 G D Em
 If every damn stranger's got something to hide
 Am Em
 But guards are overthrown
 Am Em
 The way is wide open for all who'd go
 Am Em
 It's never been so close now
 G D Em
 And there we won't cry no more
 G D Em
 And there we won't cry no more
 G D Em
 There we won't cry no more
 G D Em
 There we won't cry no more
 G D Em
 There we won't cry no more
