

Blind Guardian - Miracle Machine

tom:
 G
 When they are coming
 Give us guidance
 For they are calling
 To erase the damned
 Yet after all they praise the coming
 To erase the damned they will return
 Now let me take you to the other side
 Turn off the light and let it grow
 They will set it on fire
 They come to fool us all
 They're slaves to the fire, you know
 The fire must grow, they have to feed it
 We must believe in something that
 I would call a miracle
 The gray will break the final seal
 We must believe in something, a miracle
 A miracle machine
 We just hide it secretly
 No belief
 No belief
 No creed

C Em
 Give us what we need
 A G
 Betrayed by the nine
 Db7
 I've learned to love the shadows
 A G
 And now they're coming home
 Db7
 That's why I need you on the other side
 A G
 And then we

 We may carry another light
 A G
 I summon from inside

 Deeper inside

 They don't belong here

 Let it grow
