

Blind Melon - Seed To a tree

Tom: C

F G F G F G B G

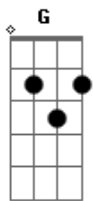

As I shit, I sit and wonder why
My floor is so cold and my back broken tired
But life is good, even though it won't be long
With a candle comes emotions that
Dance with the shadows on my wall
What were you thoughts, as they
Were flying through your mind
Compared to what you feel from
The bars your now behind
If they could speak, what do you think
They would say to you?
I do believe you'd been better
Off if you'd just told the truth

Chorus:

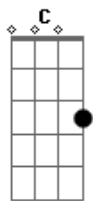

B2 C2 F G
Never had a problem 'till I stood face to face with me
B2 C2 F
And I wish there was a way for me to go inside so I could see
G B2 C2 F G
All the faces of the people who have torn a piece from me
B2 C2 F Gm7

As I grew from a seed to a tree
(Use opening chord pattern)
Can you feel the power of the eye
That's hidden away 5 feet from where we lie
What do you taste, when you take a drink of me
Is it to much for me to ask if I asked you to leave
No chords...
Please just leave 'cause I want to be alone
D7 C2 B G
There's a fine line between love and my feelings for you
D7 C2 B F G
High time I washed it all away
D7 C2 B G
Un--kind, I watched your future born before you
D7 C2 B
De--nied, a chance of any love in your life
(Again, use opening chord pattern...)
And I ask you one time..Why?
-Chorus-
but end like this:
B2 C2 F
as I grew from a seed
G B2 C2 to a tree
