

# Blink 182 - Good Old Days

Tom: G

Don't want to hear the static on the TV screen  
 Don't want to live a life of cell phone memories

[Pré-refrão]

When did you go missing  
 Where did I go wrong  
 Sometimes I just don't know where I belong

[Refrão]

Save yourself we're always saying  
 We're not the same we're two in a million  
 These are the good old days  
 These are the good old days  
 We've gone through hell the battles we fought in  
 We stood as one the young and forgotten  
 These are the good old days  
 These are the good old days

You're not the only one who grew up feeling scared  
 You're not the only broken heart gone unrepaired

[Pré-refrão]

Everyones gone missing  
 Everyones done wrong  
 Sometimes we both fly too close to the sun

[Refrão]

Save yourself we're always saying

We're not the same we're two in a million  
 These are the good old days  
 These are the good old days  
 We've gone through hell the battles we fought in  
 We stood as one the young and forgotten  
 These are the good old days  
 These are the good old days

[Ponte]

You're giving up we're getting out we were young and were  
 not growing up we're not growing up  
 You're giving up we're getting out we were young and were  
 not growing up we're not growing up  
 [Refrão]

Save yourself we're always saying  
 We're not the same we're two in a million  
 These are the good old days  
 These are the good old days  
 We've gone through hell the battles we fought in  
 We stood as one the young and forgotten  
 These are the good old days  
 These are the good old days

Ohhhhh Oh Oh Ohhhhhh Oh Oh Ohhhh  
 These are the good old days  
 These are the good old days  
 Ohhhhh Oh Oh Ohhhhhh Oh Oh Ohhhh  
 These are the good old days  
 These are the good old days
