Tom: C
Intro: C Dm F G (2x)

I said settle down everything is fine
Take your eyes off the floor
She said no I'm not alright
I lost my head on the door

She's a a a antisocial
a a a antisocial
a a and she's an angel yeah

I'm in deep with this girl but she's out of her mind
She said babe I'm sorry but I'm crazy tonight
She's got a black shirt, black skirt
And Bauhaus stuck in her head
I'm in deep with this girl but she's out of her mind
Oh yeahhhh, we all need something to live for
Oh yeahhhh, we all need something to live for

She said I let her down
I no longer dream of anything anymore
Said I'm a know-it-all know-it-all
Make me want to scream

And threw herself on the floor

She's a a a antisocial
a a a antisocial
a a and she's an angel yeah
I'm in deep with this girl but she's out of her mind
She said babe I'm sorry but I'm crazy tonight
She's got a black shirt, black skirt

And Bauhaus stuck in her head
I'm in deep with this girl but she's out of her mind
She's not complicated
Can't be overstated at all
She's not complicated ated ated at all

I'm in deep with this girl but she's out of her mind
She said babe I'm sorry but I'm crazy tonight
She's got a black shirt, black skirt
And Bauhaus stuck in her head
