Tom: **D**

D
Tonight the reaper moans for me **A**
In the grip of suicide

G
Cold steel rests upon my flesh

A
Running red drips from the blade **D**
My time is drawing near

A
Salvation comes so swiftly

G
Forever to be laid to rest

A
Embrace my past for the dying day

B **D**
Remember me

A
Think of me as you dream

G
I kiss the sorrow of your soul

A
And pray to god my soul to keep...

D
Death's specter looming close

A
The plug is pulled from machines

G
No breath escaping from my chest

A
And this night has took me away

D
My time is drawing near

A
Salvation comes so swiftly

G
Forever to be laid to rest

A
Embrace my past for the dying day

D **A**
We tried-oh how we tried
Blame rests on hands of mine

G
No place left for me inside

A **D**
Released from the demons on the day I died
