

Blizzard - Warbringers - Jaina: Daughter Of The Sea

tom:
 Capostraste na 6ª casa

[Primeira Parte]

Beware, beware The Daughter of the Sea
 Beware, I heard him cry
 His words carried upon the ocean breeze
 As he sank beneath the tide

[Segunda Parte]

Those blood-soaked shores of Kalimdor
 Where sailors fought and died
 The admiral fell at Theramore
 Because she left his side

[Refrão]

Why this? Why this?
 Oh, Daughter of the sea?
 Why this? Did you forget your seaside days?
 Always the pride of our nation's eyes
 How could she go astray?

[Terceira Parte]

When she did flee across the ocean deep

The admiral followed west
 What else but sail
 To save a daughter's life
 And pray she still drew breath?

[Quarta Parte]

But there he found
 Upon those distant shores
 Enemies 'pon the rise!
 But when he faced those savage foes
 His daughter stood aside

[Refrão]

And buried deep beneath the waves
 Betrayed by family
 To his nation, with his last breath, cried
 Beware the Daughter of the Sea

[Quinta Parte]

I heard, I heard
 Across a moonlit sea
 The old voice warning me
 Beware, beware the Daughter of the sea
 Beware, beware of me
