tom:

Intro: Am C G Am

Am
There's a horror in my soul
F D Am
That I want so very much to know

I've learned the arts

From the worst blackguards
F D Am
And now I'm living under the rose

F D Am
I want to free this devilry
F D Am
Hellhound running loose
F D Am
Hothouse phantoms thrill my mind
F D Am
If you only knew

(G Em)

Am
Oh yes, I know
A place where evil grows

F D Am
Like monstrous orchids in thorny rows
To rend and twist
With horrid artifice

F D Am
Like Bacchus pursuing Amethyste

F D Am
I want to free this devilry
F D Am
Hellhound running loose
F D Am
Hothouse phantoms thrill my mind
F D Am
If you only knew

(G Em)

F G Am
There's a light on Half Moon Street
F G Am
In this house we often meet
F G Am
As my enemies grew bolder
They moved in closer
F G Am
But I'm in league with something older

And now it is time
Alive with drugs and wine
F G Am
This world and all the rest I'll leave behind
Their mysteries I've been told
I've been brought deep into the fold
F G Am
Of a circle unspeakably old
