

Blue October - Into The Ocean

Tom: C

Verse 1:

C I'm just a normal boy
C Who sank when I fell overboard
C My ship would leave country
C But I'd rather swim ashore

Am Without a lifevest I'd be stuck again
Am Wish I was much more masculine
Am Maybe even I could learn to swim
Am7 Like fourteen miles away

F Now floating up and down
F I spin colliding into sound
F Like whales beneath me diving down
F I'm sinking to the bottom

C Of my everything that freaks me out
C The lighthouse beam has just run out
C I'm cold as cold as cold can be... be

C I want to swim away but don't know how
C Sometimes it feels just like I'm falling in the ocean
Am Let the waves up take me down
Am Let the hurricane set in motion, yeah
F Let the rain of what I feel right now come down...
F Let the rain come down

Verse 2:

C Where is the coastguard
C I keep looking each direction
C For a spotlight give, me something
C I need something for protection
Am Mabye flotsam junk will do just fine
Am The jetsam sank left me behind
Am I'm treading for my life, believe me
Am How can I keep up this breathing

F Not knowing how to think
F I scream aloud begin to sink
F My legs and arms are broken down
F With envy for the solid ground
C I'm reaching for the life within me
C How can one man stop his ending
C I thought of just your face
C Relaxed and floated into space

C I want to swim away but don't know how
C Sometimes it feels just like I'm falling in the ocean
Am Let the waves up take me down
Am Let the hurricane set in motion, yeah
F Let the rain of what I feel right now come down...
F Let the rain come down

Verse 3:

C Now waking to the sun
C I calculate what I have done
C Like jumping from the bow, yeah
C Just to prove that I knew how, yeah

Am It's midnight's late reminder
Am Of the loss of her, the one I love
Am My will to quickly end it all
Am Sat front row in my need to fall

F Into the ocean end it all {x4}
C Into the ocean end it, ...all

C I want to swim away but don't know how
C Sometimes it feels just like I'm falling in the ocean
Am Let the waves up take me down
Am Let the hurricane set in motion, yeah
F Let the rain of what I feel right now come down...
F Let the rain come down
