

# Blue October - The Weatherman

tom:  
 G  
 We don't touch anymore  
 C Em Am F  
 Remember the way that we did before  
 C Em Am F  
 You could say we were just kids before we  
 F C  
 Had our own started building a home, but the fact is  
 Em Am F  
 We don't touch anymore  
 C Em Am F  
 We forgot how to communicate  
 C Em Am F  
 Sometimes I watch you fall and I just walk away  
 C Em Am F  
 What is that bullshit? Why do I do that?  
 F C  
 Why can't this dark cloud go away?  
 Em Am F  
 We don't talk anymore  
 G Am F  
 And the weatherman said, that the storm will clear  
 The one that's been here for years  
 G Am F  
 Maybe just maybe this time you'll be right  
 C Em Am F  
 Before the pictures are gone, you're right I'm wrong  
 C Em Am  
 Before you leave us behind, this is wrong cause we're right  
 F C Em Am F  
 We're right on the edge of a blue sky  
 C Em  
 We're on the edge of a  
 Am F  
 blue sky  
 C Em Am F  
 Like a dark red rose left in the parking lot  
 Em Am  
 F

I'll sit here chokin' on the words I should have never  
 thought  
 C Em Am  
 I know I just tore you down  
 F C  
 And my words will come back around just like that  
 Em Am  
 Just like that honeymoon I promised you but you never got  
 G Am F  
 And the weatherman said, that the storm will clear  
 yeah this is our year  
 G Am F  
 Maybe just maybe this time you'll be right  
 C Em Am F  
 Before the pictures are gone, you're right I'm wrong  
 C Em Am  
 Before you leave us behind, this is wrong cause we're right  
 F C Em Am F  
 We're right on the edge of a blue sky  
 C Em Am F  
 We're right on the edge of a blue sky  
 ( C Em Am F )  
 G Am  
 And the weatherman said,  
 F  
 that the storm's gonna clear yeah this is our year  
 G Am F  
 Baby I'm ready to believe that he's right  
 Oh, be right  
 C Em Am F  
 Before the pictures are gone, you're right I'm wrong  
 C Em Am  
 Before you leave us behind, this is wrong cause we're right  
 F C Em Am F  
 We're right on the edge of a blue sky  
 C Em Am F  
 We're right on the edge of a blue sky  
 [Final] C Em Am F
