

Blur - Bettelbum

Tom: C

ok this is similar to the tab of Ash's 'Sometimes' i made a while ago. i looked at the already here and picked out the parts which sounded right. i then made a few alterations expanded upon the outro riff. i take no claim to the entire work as i completed it with use of the tabs already online and they deserve more praise of attempting the track first.

Anyways enjoy.

Intro:

A-x-x-x-x-

E-x-x-x-x-

several times followed by

Verse:

repeat verse but after the second time play an A chord

e-5- e-x-x
 B-5- B-x-x
 G-6- G-x-x
 D-7- repeatedly until D-x-x
 A-7- A-x-x
 E-5- E-x-x

Chorus:

C

And when she lets me slip away

She turns me on and
 All my violence gone

Nothing is wrong

I just slip away and then

I am gone

Nothing is wrong

She turns me on

I just slip away and then

I am gone

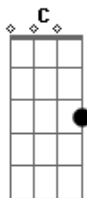

repeat once and then the outro is:

He`s on, He`s on, He`s on, yeah
 He`s on, He`s on, He`s on, yeah
 He`s on, He`s on, He`s on, yeah
 He`s on, He`s on, He`s on, yeah

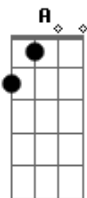

and this riff played over:

this sequence is repeated a bit, then after a while it becomes purely instrumental, so until the song abruptly ends.
