

# Blur - Pyongyang

Tom: Gb

(com acordes na forma de  
Capotraste na 1ª casa  
Bm D G (2x))

I look down from my window

To the island where I'm held

Listen while you're sleeping

Darkness is itself

Tomorrow I am disappearing

Cause the trees are amplified

Never ending broadcasts

To which I cannot aspire

Kid the mausoleum's fallen

And the perfect avenues  
Will seem empty without you

And the pink light that bathes the great leaders

is fading

By the time your sun is rising there

Out here it's turning blue

The silver rockets coming

And the cherry trees, Pyongyang,

I'm leaving

I feel like I'm floating

Persisting autotune

never end, roll on

To the palace of the doom

F )

The temperature keeps falling

Soon there will be no lights

Just a red glow of glass coffins

Watched by someone through the night

Kid the mausoleum's fallen

And the perfect avenues  
Will seem empty without you

And the pink light that bathes the great leaders

is fading

By the time your sun is rising there

Out here it's turning blue

The silver rockets coming

And the cherry trees, Pyongyang,

I'm leaving

(Soon there will be no light, someone through the night)

Kid the mausoleum's fallen

And the perfect avenues  
Will seem empty without you

And the pink light that bathes the great leaders

is fading

By the time your sun is rising there

Out here it's turning blue

The silver rockets coming

And the cherry trees, Pyongyang,

I'm leaving
