

Blur - Swamp Song

```
Tom: C
                                                      F F G Bb Bb C D
                                                                                 Eb D C C C
                                                       give me good times
                                                        F G Bb Bb C
                                                                                  Fb D C C C
  (verses)
                                                       and give me soul lines
                                                      F F G Bb Bb C D
                                                                                 Eb D C C C
                                                       give me fever
(chorus)
 Eb Eb Eb
            Eb Eb Eb
                       Eb Eb Eb Eb
                                   Bb C C Bb C C
                                                        F G Bb Bb C
                                                                                 Eb D C C C
                                                      i'm a believer
                                                      F F G Bb Bb C D
                                                                              D
                                                                                 Eb D C C C
                                                       give me insane
 Eb Eb Eb
            Eb Eb Eb
                       Eb Eb Eb Eb
                                     Bb C C Bb C C
                                                      F F G Bb Bb C
                                                                                 Eb D C C C
                                                       give me space brain
                                                        F G Bb Bb C
                                                                         D
                                                                              D
                                                                                 Eb D C C C
                                                       dont leave me ever
                                                       F G Bb Bb C D
                                                                            D Fb D C C C
                                                       i live forever.....yes we will
(end)
                                                    (chorus)
(W/ chords of the verses playing in the back the lead or taped Eb Bb C Bb C
over)
                                                    i know we will
                                                     Eb Bb C Bb C
(guitar)
                                                    yes we will
                                                    G A G A G D C D G A A G A G D
(heres the lyrics and chords over them)
(verse 1)
 F F G Bb Bb C
                   D
                             Eb D C C C
                                                    (verse 3)
  give me good times
   F G Bb Bb C
                             Eb D C C C
                                                      F F G Bb Bb C D
                                                      give me good times
                                                                                 Eb D C C C
  give me soul lines
                             Eb D C C C
                                                        F G Bb Bb C
                                                                                 Fb D C C C
    F G Bb Bb C
                    D
  give me fever
                                                       and give me soul lines
   F G Bb Bb C
                             Eb D C C C
                                                      F F G Bb Bb C D
                                                                                  Eb D C C C
                                                       give me fever
  i'm a believer
                                                        F G Bb Bb C D
                                                                                 Eb D C C C
                                                                              D
 F F G Bb Bb C
                             Eb D C C C
                                                      i'm a believer..u know i am
                         n
  give me insane
    F G Bb Bb C
                             Eb D C C C
                                                      F F G Bb Bb C D
                                                                                 Eb D C C C
   give me space brain
                                                       give me insane
    F G Bb Bb C D
                         D
                             Eb D C C C
                                                      F F G Bb Bb C
                                                                                 Eb D C C C
  give me music, give me love
                                                       give me space brain
    F G Bb Bb C D
                             Eb D C C C
                                                        F G Bb Bb C
                                                                        D
                                                                              D
                                                                                 Eb D C C C
                                                       give me music that i love
  abandon us in love
                                                       F G Bb Bb C D
                                                                              D Eb D C C C
    F G Bb Bb C
                         D
                             Eb D C C C
                                                      i need penicillin (im not sure of this line)
  give me good times
   F G Bb Bb C
                         D
                             Eb D C C C
                                                    (chorus)
                                                     Eb Bb C Bb C
  there no joke rhymes
 F F G Bb Bb C D
                             Eb D C C C
                         D
  give me easy breathing
                                                    stick it in my veins
                             Eb D C C C
   F G Bb Bb C D
                         D
                                                     Eb Bb C Bb C
  give me everything
F F G Bb Bb C D
                             Fb D C C C
                                                    stick it in my veins
                                                      G A G A G D C D
  everything, everything
                                                    stick it in my veins
(chorus)
                                                       G A G A G D
                                                    stick it in my veins
( Eb Bb C Bb C )
                                                    The end of song) play that tab part now
                                                     F F G Bb Bb C D
                                                                                Eb D C C C
(wacca wacca)
La-la la-la la-la-la-la-la
                                                                                  Eb D C C C
                                                     F F G Bb Bb C D
                                                    La-la la-la-la-la-la-la-la
                                                     F F G Bb Bb C D
                                                                                 Eb D C C C
                                                    La-la la-la-la-la-la-la
(verse 2 - use power chords and put alot of bass into it from
this point on)
                                                     F F G Bb Bb C D
                                                                                 Eb D C C C
                                                    La-la la-la la-la-la-la-la
```
