

Blur - Under The Westway

Tom: C

(Intro)

C Em Am Am
 There were blue skies in my city today
 F Em Dm F
 Everything was sinking, said snow would come on sunday
 G Am G F
 The old school was due and the traffic grew
 Fm
 Up on the West way

C Em Am Am
 Where I stood watching comets lonesome trails
 F Em Dm F
 Shining up above me the jet fuel it fell
 G Am G F
 Down to earth where the money always comes first
 Fm
 And the sirens sing

(Solo) Os acordes continuam iguais aos da primeira parte.

C Em Am Am
 Bring us the day they switch off the machines
 F Em F- F
 Cos men in yellow jackets putting adverts inside my dreams
 G Am G F
 An automated song and the whole world gone
 Fm
 Fallen under the spell of

C Em Am Am
 The distance between us when we communicate
 F Em F- F
 Still picking up shortwave, somewhere they're out in space
 G Am G F
 It depends how you're wired when the night's on fire
 Fm
 Under the West way

(Ponte)

C Em Am Am
 Now it's magic arrows hitting the bull
 F Em F- F
 Doing one eighty still standing at last call
 G Am G F
 When the flags coming down and the Last Post sounds
 Fm
 Just like a love song

C Em Am Am
 For the way I feel about you
 F Em F- F
 Paradise's not lost, it's in you
 G Am G F
 On a permanent basis I apologise
 Fm
 But I am going to sing

(Pausa)

C Em
 Am Am
 Hallelujah
 F Em Dm F
 Sing it out loud and sing it to you

 Am I lost out at sea
 G F Fm
 'Til a tide wash me up off the West way
