

Blur - Wear Me Down

tom:

C

Ab Bb C

Every time I come here

Ab Bb C

I'm not sure what to say

Ab Bb C

I know it should be easy

Ab Bb C

But it never seems that way

You, you make me feel

Ab Bb C

Like no one ever will

Ab Bb C

So why, why do you bore me

Ab Bb C

Until my heart is still

You, you wear me down

Dm

My defenses are gone now

C

And I can't fight

You, you wear me down

Dm

My defenses are gone now

C

And I can't fight

I can't say I love you easily

Ab Bb C

But you wouldn't want me to

Ab Bb C

So I'd rather just say nothing

Ab Bb C

And leave it up to you

Ab Bb C

Then it's easy to forget

You're just as small as me

Then it's easy to forget

You're just as foolish as me

You, you wear me down

My defenses are gone now

And I can't fight

You, you wear me down

My defenses are gone now

And I can't fight

You, you make me feel

Like no one ever will

So why, why do you bore me?

Until my heart is still

You, you wear me down

My defenses are gone now

And I can't fight

You, you wear me down

My defenses are gone now

And I can't fight you
