

# Bob Dylan - Beyond The Horizon

Tom: F

Intro

Verse:  
-----

Chorus:  
-----

Beyond the horizon, behind the sun  
 At the end of the rainbow life has only begun  
 In the long hours of twilight 'neath the stardust above  
 Beyond the horizon it is easy to love

My wretched heart's pounding  
 I felt an angel's kiss  
 My memories are drowning  
 In mortal bliss

Beyond the horizon, in the Springtime or Fall

Love waits forever for one and for all

Beyond the horizon across the divide  
 'Round about midnight, we'll be on the same side  
 Down in the valley the water runs cold  
 Beyond the horizon someone prayed for your soul

I'm touched with desire  
 What don't I do?  
 I'll throw the logs on the fire  
 I'll build my world around you

Beyond the horizon, at the end of the game  
 Every step that you take, I'm walking the same

Beyond the horizon the night winds blow  
 The theme of a melody from many moons ago  
 The bells of St. Mary, how sweetly they chime  
 Beyond the horizon I found you just in time

It's dark and it's dreary  
 I ponder in vain  
 I'm weakened, I'm weary  
 My repentance is plain

Beyond the horizon o'er the treacherous sea  
 I still can't believe that you've set aside your love for me

Beyond the horizon, 'neath crimson skies  
 In the soft light of morning I'll follow you with my eyes  
 Through countries and kingdoms and temples of stone  
 Beyond the horizon right down to the bone  
 It's late in the season  
 Never knew, never cared  
 Whatever the reason  
 Someone's life has been spared

Beyond the horizon the sky is so blue  
 I've got more than a lifetime to live lovin' you
