

# Bob Marley - Soul Shakedown Party

Tom: **F**

**C** | **Bb**

we gonna have a soul shakedown party tonight  
we gonna have a soul shakedown party tonight

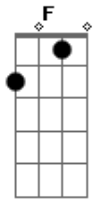

the way you love me, it's alright  
the way you put your loving arms around me and you hold me  
tight  
this is my invitation

I got the special vacation  
I need your concentration  
just to feel your vibration

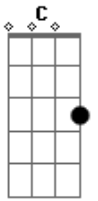

I got soul shakedown party tonight  
we gonna have a soul shakedown party tonight

janey's in the backyard doing the outside dance  
from telling me the other day, she didn't even get a chance  
but this is my invitation  
I got the special vacation  
I need your concentration  
just to feel your vibration
