

Bob Marley - Soul Shakedown Party

Tom: **F**

C | **Bb**

we gonna have a soul shakedown party tonight
 we gonna have a soul shakedown party tonight

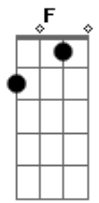

the way you love me, it's alright
 the way you put your loving arms around me and you hold me
 tight
 this is my invitation

I got the special vacation
 I need your concentration
 just to feel your vibration

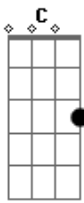

I got soul shakedown party tonight
 we gonna have a soul shakedown party tonight

janey's in the backyard doing the outside dance
 from telling me the other day, she didn't even get a chance
 but this is my invitation
 I got the special vacation
 I need your concentration
 just to feel your vibration
