

Bob Seger - The Real Love

tom:
Intro: F Bb
[Primeira Parte]
I think I've found the real love
Genuine and true
I think it's really come my way today, babe
I think it's really you
(F Bb)
I remember moments looking in your eyes
Could have sworn I saw the spark of love, babe
Flickering inside
I've been around and round this track
And the only thing I lack
Is the real love
Every time I see you every time we touch
I can feel the way you feel for me babe

And it means so much
And every time you look at me
It's just the way it all should be
In the real love
Oh darlin' darlin' darlin'
Stay with me stay
I long to see you in the morning sun
Everyday everyday
(F Bb)
So until that moment when I take your hand
I'm gonna try to do my very best babe
To prove that I'm your man
I'm gonna do my very best
I'm not gonna rest
Until we've got the real love real love
Until we've got the real love

Acordes
