

Bob Seger - The Real Love

tom:

Intro: F Bb

[Primeira Parte]

I think I've found the real love

Genuine and true

I think it's really come my way today, babe

I think it's really you

(F Bb)

I remember moments looking in your eyes

Could have sworn I saw the spark of love, babe

Flickering inside

I've been around and round this track

And the only thing I lack

Is the real love

Every time I see you every time we touch

I can feel the way you feel for me babe

And it means so much

And every time you look at me

It's just the way it all should be

In the real love

Oh darlin' darlin' darlin'

Stay with me stay

I long to see you in the morning sun

Everyday everyday

(F Bb)

So until that moment when I take your hand

I'm gonna try to do my very best babe

To prove that I'm your man

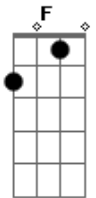

I'm gonna do my very best

I'm not gonna rest

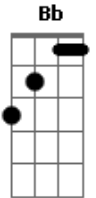

Until we've got the real love real love

Until we've got the real love
