

Bon Jovi - Amen

```
Tom: C
Last night I had a dream
The dream I had was true
I fell through the stars
Went walking on the moon
Burned like a thousand candles in her arms
The skin under my finger tips
Honeysuckle of her lips
Sweeter than a man deserves to taste
Mercy, mercy, what else can I say?
   CF CF CF
But Amen. Amen Amen
Last night we were born together
It was like we'd always been
She'll be with me forever
If I don't see her again
We poured the wine until our cup ran over
Unfolding like the mystery
Inside of her like poetry
A thousand horses running through my veins
```

Acordes

```
Mercy, mercy what else can I say
    CF CF CF
But Amen. Amen Amen
I laid down in her garden
Naked on her floor
Windows up, the curtains blowing
She don't lock the door
 \mathsf{Am}\ \mathsf{F}\ \mathsf{C}\ \mathsf{G}\quad \mathsf{Am}\ \mathsf{F}\quad \mathsf{C}\ \mathsf{G}
Amen,
               Amen
At the banquet table
A beggar at a feast
I felt her tongue between my lips
And I forgot to breath
We stayed there 'til the candles burned the carpet
Last night I had a dream
The dream I had was true

Mercy, mercy, I'll kneel down and pray
Amen, Amen

Amen,
