

# Bon Jovi - It's Hard Letting you go

Tom: G  
Intro: Em G C G C G D C

Em C G  
It ain't no fun lying down to sleep  
Em C G  
And there ain't no secrets left for me to keep  
Em C G C  
I wish the stars up in the sky would all just call in sick  
Em C D C  
And the clouds would take the moon out on some one-way trip  
Em C G  
I drove all night down the streets that wouldn't bend  
Em C G  
But somehow they drove me back here once again  
Em C G C  
To the place I lost at love and the place I lost my soul  
Em C D C  
I wish I'd just burn down this place that we called home  
C D C  
It would all have been so easy if you'd only made me cry  
C D C  
And told me how you're leaving me to some organ grinder's  
lullaby  
G C G C G D C

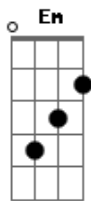

It's hard, so hard it's tearing out my heart it's hard letting  
you go

Em C G  
Now the sky it shines a different kind of blue  
Em C G  
And the neighbours dog don't bark like he used to  
Em C G C  
Well - me, these days I just miss you, it's the nights I go  
insane  
Em C D C  
Unless you're coming back, for me, that's one thing I know  
that won't change  
REFRÃO  
Em D C Am Em D C Am  
Ooooh Ooooh  
C D G Em  
Now some tarot card shark said I'll draw you a heart and we'll  
find you somebody else new  
C D C D  
But I've made my last trip to those carnival lips when I bet  
all that I had on you  
REFRÃO  
It's hard, so hard it's tearing out my heart but it's hard  
letting you go
