

Bon Jovi - Something To Believe In

Tom: G

Tom :Em

(Em C G D)
 I lost all faith in my God, in his religion too
 I told the angels they could sing their songs to someone new
 (Em C G D)
 I lost all trust in my friends, I watched my heart turn to stone
 I thought that I was left to walk this wicked world alone
 (Em C G D)
 C G
 Tonight I'll dust myself off
 D Em
 Tonight I'll suck my gut in
 C
 I'll face the night and I'll pretend
 C
 I got something to believe in
 Em C G D

And I had lost touch with reason
 I watched life criticize the truth
 Waiting for a miracle
 I know you have too
 C G D Em
 Though I know I won't win, I'll take this one on the chin
 C G
 We'll raise a toast and I'll pretend
 D
 I got something to believe in
 G D
 If I don't believe in Jesus, how can I believe the Pope
 Em C
 If I don't believe in heroin, how can I believe in dope
 G D
 If there's nothing but survival, how can I believe in sin
 Em C
 In a world that gives you nothing, we need something...
 Em C
 to believe in...
