

# Bon Jovi - Story Of Love

tom:

G

D

Fathers love daughters like mothers love sons

Bm

They've been writing our story before there was one

Em

From the day you arrive, till you walk, till you run

G

There is nothing but pride, there is nothing but love

D

They can offer advice that you don't wanna hear

Bm

Words that cut like a knife and still ring in your ear

Em

You think of them ignorant, they think of you arrogant

If you need evidence, who gave you confidence?

D

A snap of the finger and you're not a child

Bm

But you're still holding on as you walk down the aisle

Em

When they give you away to hear someone else say

G

That someone will love you till their dying day

( Bm Em A )

D

Fathers love daughters like mothers love sons

Bm

They've been writing our story before there was one

Em

From the day you arrive, till you walk, till you run

G

There is nothing but pride, there is nothing but love

( D D Bm A )

And that's the story of love

D

You can choose to remember or choose to forget

Bm

If they took you to school or they tucked you in bed

Em

You can say it don't matter, you won't do the same

G

You'd think no one noticed when you looked away

D

Fathers love daughters like mothers love sons

Bm

They've been writing our story before there was one

Em

From the day you arrive, till you walk, till you run

G

There is nothing but pride, there is nothing but love

D

Now they're getting older and you ain't so young

Bm

So you take care of them like your daughters and sons

Em

You can ask for forgiveness, they could ask for the same

G

Forget all the anguish, the heartache, the pain

A

Wherever you go or wherever you've been

D

Bm

It's them that is with you and that's you that's with them

Em

Fathers and daughters and mothers and sons

G

As one story ends another's, another's begun

( Bm Em A )

D

Oh, fathers love daughters like mothers love sons

Bm

They've been writing our story before there was one

Em

From the day you arrive, till you walk, till you run

G

There is nothing but pride, there is nothing but love

Em

A

D

From hello to goodbye that's the story of love

( D Bm A G )

That's the story of love

( D Bm A G )

( Em A D A )

( Bm Em A D A )
