

Bon Jovi - We Can Dance

Tom: A
Intro: E E E E E E E E

E
I thought miracles were make believe
It's hard to hold what you can't see
But I found the faith I need
Every morning when you wake up next to me
If all the shit would take for granted
Took the train and left us stranded
Make us standing wave goodbye
Each night I see the world with brand new eyes
Bridge:
And in my heart I hear the music playin'
Can you hear it?
Take my hand
Chorus:
To the laughter
To the tears
To all those wasted years
They dissappear
And they got us here
Take my hand
For the good fights
And the bad
For the dreams that we still have
Looking back on it all baby
We're still standing here
A2
Take my hand
We can dance
Repeat Intro:
E - E (Se quiser, pode fazer um Lá maior, mas não fica com a mesma sonoridade)
Verse:
Baby lay down next to me
I wanna feel each breath you breathe
In your kiss I taste the truth
I wanna get all tangled up in you
Bridge:
In your heart I hear the music playin'
I can hear it
Take my hand
Chorus:

We dance
To the laughter
To the tears
To all those wasted years
They dissappear
And they got us here
Take my hand
with the good fights
And the bad
with the dreams that we still have
Looking back on it all baby
We're still standing here
A2

Bridge2:
D2
And when the song is over
We'll still be going on
Instrumental:
