

Boogie - Swap Meet

tom:

Intro: D Bm G Gb

Your love like gold, what you charging?
 Just keep it low 'cause that's a bargain
 Tellin' me so and I went all in
 Just keep it low 'cause that's a bargain

Yeah, that's a bargain
 I don't mind, I want your time, just name your price
 And I want all in
 I don't mind, and if you mind I'll buy you twice
 Change your view on a bad day
 You just might be my last chain
 You worth more than cash

Your love like gold, what you charging?
 Just keep it low 'cause that's a bargain

Tellin' me so and I went all in
 Just keep it low 'cause that's a bargain (Yeah yeah, uh)

She needed space, yeah
 She left her man and got a spot in Silver Lake, yeah
 That's silver lining, see, perfection's in mistakes yeah
 Try not to say, yeah
 Know that you tarnish when you sit there with that blank stare,
 Yeah
 I clean you up myself
 Won't have you on the shelf
 And treat you like an antique
 I hope you understand me 'cause
 Shit, I'm sold on you

I don't mind, I'll buy your time, I'm sold on you
 I don't mind, I'll buy your time, 'cause I'm sold on you, you

Acordes
