**Abm7**  
 You, you  
**Dbm7**  
 You, you  
 You tell me all the time

**Bm7** **E7**  
 You, you  
 Uh, shit

**A7M** **Abm7**  
 You tell me all the time, no, you tell me it ain't right, I treat

**Dbm7**  
 You like a side hoe

**Bm7** **E7**  
 I hit you when your eyes low, but never in the light, I fuck with you

**A7M**  
 At night, though

**Abm7**  
 You need to let your pride go, I say it's in your mind, but do it

**Dbm7**  
 Every time, though

**Bm7** **E7**  
 I hit you when your eyes low, but never in the light, I fuck with

**A7M**  
 You at night, though

**Abm7** **Dbm7**  
 You tell me, "come over" (over), but not when I'm so faded, can I

**Bm7**  
 Come when I'm sober?

**E7** **A7M**  
 I do it every time, though

**Abm7** **Dbm7**  
 You tell me, "come over" (over), but not when I'm so faded, can I

**Bm7**  
 Come when I'm sober?  
**E7** **A7M**  
 I do it every time, though  
**Abm7** **Dbm7**  
 And I just hit your line, though  
 Like, "Why you let it die for?"  
**Bm7** **E7**  
 Now let go of your pride, like can I come inside, like, "Do you got  
**A7M**  
 A light?" (Smoke)  
**Abm7**  
 But you don't even smoke anymore  
**Dbm7**  
 You ain't laughin' at my jokes anymore (no, no-oh, no-oh)  
**Bm7** **E7** **A7M**  
 Like why I think you gone be woke until four, oh yeah  
**Abm7**  
 I see your booty in your PJ's  
**Dbm7**  
 You tell me you ain't tryna eat late  
**Bm7**  
 Made me wanna see things (hey), tell me that I need change  
**E7** **A7M**  
 Made me wanna hit you in the light, oh (hey)  
**Abm7**  
 You tell me it ain't right, though, I say it's in your mind, but do  
**Dbm7**  
 It every time, though  
**Bm7** **E7**  
 I hit you when your eyes low, but never in the light, I fuck with  
**A7M**  
 You at night, though  
**Abm7** **Dbm7**  
 I can't let you go although I know  
**Bm7** **E7** **A7M**  
 Although I know you're not even good for me, no  
**Abm7** **Dbm7**  
 I should be alone, you hurt my soul  
**Bm7** **E7** **A7M**  
 I should know better, but I do it all the time
