

Boyce Avenue - Want U Back

Tom: C

(com acordes na forma de Capostrate na 5ª casa G)
Intro:

Hey, I was done playing games
knew I needed to upgrade
So I went and walked away way way
Now, You see I've been hanging out
With that other girl in town
At least she doesn't bring me down, down, down

Remember all the things that you and I did first?
And now you're doing them with her
Remember all the things that you and I did first?
You got me, got me like this
And now you're taking her to every restaurant
And everywhere we went, come on!
And now you're taking her to every restaurant
You got me, got me like this

G
Boy you can say anything you want
D
It don't mean a thing, no one else can have you
Em
I want you back

Yeah I want you back
G
I broke it off thinking you'd be fine
D
But now I feel sick looking at you crying
Em
I want us back
D
Yeah I want us back

Please, rid me of jealousy
You know you belong wit me
And I'm gonna make you see, see, see

You clearly didn't think this through
'Cause I had everything for you
And now I don't know what to do

Remember all the things that you and I did first?
And now you're doing them with her
Remember all the things that you and I did first?
