

# Boygenius - Black Hole

tom:

Intro: C  
[Primeira Parte]

C  
In a rainstorm  
Suckin' down a dart on the back porch  
Out here, it gets so dark  
You can see the stars, the ones  
The headlines said, this morning  
Were bein' spat out by what we thought

Was just destroyin' everything for good

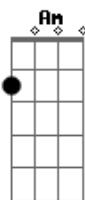

( C D F )  
( G C F )  
[Segunda Parte]

C D F  
White teeth, black light, white tea, brown eyes  
G C F  
Bad boy, big fight, you're a good guy  
C D F  
Good day, good night, good talk, goodbye  
G C F  
It's out of your hands, but have a safe flight  
C D F  
My thoughts, all noise, fake smile, decoys  
G C F  
Sometimes, I need to hear your voice
