

Boygenius - Emily I?m Sorry

tom:

Intro: B
[Primeira Parte]

She's asleep in the backseat
Looking peaceful enough to me
But she's wakin' up inside a dream
Full of screeching tires and fire
We're comin' back from where no one lives
Pretty much just veterans
When I pointed out where the North Star is
She called me a fuckin' liar

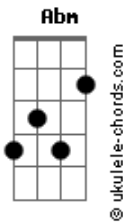

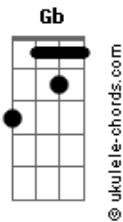

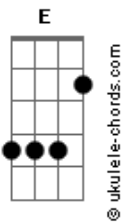

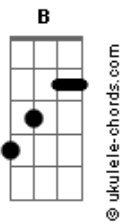

[Refrão]

And Emily (Emily), i'm sorry, i just
Make it up as I go along
Yet, I can feel myself becoming (I can feel myself)
Someone only you could want

[Segunda Parte]

Headed straight for the concrete
In a nightmare screaming

Acordes

Now I'm wide awake, spiraling
And you don't wanna talk
Just take me back to Montreal
I'll get a real job, you'll go back to school
We can burn out in the freezing cold
And just get lost

[Refrão]

Emily (Emily), i'm sorry, baby
You know how I get when I'm wrong (You know how I get)
And I can feel myself becoming (I can feel myself)
Somebody I'm not, I'm not, so
Emily (Emily), forgive me, can we
Make it up as we go along?
I'm 27 and I don't know who I am (Don't know who I am)
But I know what I want

[Final]

Emily, I'm sorry
Emily, I'm sorry
I'm sorry
