Boys Like Girls - Love Drunk Acoustic

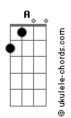

```
Tom: Eb
                                                               I love you forever
                                            D)
(com acordes na forma de
                                                               Forever is over
                                                                              Rm
Capostraste na 1ª casa
(capo 1ª casa)
                                                               We used to kiss all night
                                                                               G
(intro 2x) D A G
                                                               Now it's just a barfight
                                                                               D
                                                               So just call me crazy
                                                                              Α
(verso 1)
                                                               Say hello then goodbye
                                                               (okay!)
D
Top down in the summer sun
                                                                    G
                                                                             Α
                                                               There's just one thing
                                                               (okay!)
The day we met was like a hit and run
  Em
                       G
                                                                    G
                                                                             Α
And I still taste it on my tongue
                                                               That would make me say
(taste it on my tongue)
                                                                          Bm
                                                               I used to be love drunk
                                                                             G
                                                               But now I'm hungover
The sky was burning up like fireworks
                                                                        D
G
You made me want you oh so bad it hurts
                                                               I Love you forever
 Em
                                                                          A D
But girl, in case you haven't heard
                                                               But now it's over
(refrão)
                                                               (hey! hey! hey! hey! hey! hey! hey! hey!)
             Bm
I used to be love drunk
                                                               G
             G
                                                               All the time I wasted on you
But now I'm hungover
                                                               All the bullshit you put me through
           D
I love you forever
                                                               I'm checking into rehab
           Α
Forever is over
              Bm
                                                               Cause everything that we had
We used to kiss all night
                                                                                     A G
                                                               D
                                                              Didn't mean a thing to you-oooh
                G
Now it's just a barfight
                D
                                                                            Bm
So just call me crazy
                                                               I used to be love drunk
              Α
                                                                            G
Say hello then goodbye
                                                               But now I'm hungover
          A
(okay!)
                                                                        D
                                                               I Love you forever
     G
There's just one thing
                                                                          Α
                                                               But now it's over.....
(okay!)
    G
              Α
That would make me say
                                                               (capo 3ª casa)
             Bm
I used to be love drunk
                                                                           Bm
                                                               I used to be love drunk
             G
But now I'm hungover
                                                                            G
          D
                                                               But now I'm hungover
I Love you forever
                                                                          D
                                                               I love you forever
           A D
But now it's over
                                                                          Α
                                                               Forever is over
(hey! hey! hey! hey! hey! hey! hey! hey!)
                                                                              Bm
                                                               We used to kiss all night
(verso 2)
                                                                               G
                                                               Now it's just a barfight
D
Hot sweat and blurry eyes
                                                                               D
                                                               So just call me crazy
We're spinning on a roller coaster ride
                                                                              Α
                                                               Say hello then goodbye
Fm
With the world stuck in black and white
                                                               (okay!)
                                                                             Α
                                                                    G
You drove me crazy every time we touched
                                                               There's just one thing
                                                               (okay!)
Now im so broken that i can't get up
                                                                    G
                                                                             Δ
                                                               That would make me say
                            Α
Oh girl, you make me such a rush
                                                                            Bm
                                                               I used to be love drunk
(refrão)
                                                                            G
             Bm
                                                               But now I'm hungover
I used to be love drunk
                                                                        D
             G
                                                               I Love you forever
But now I'm hungover
                                                                          A D
                                                               But now it's over
           D
