```
tom:
Intro: C Em Am F C G
[Primeira Parte]
                      \mathsf{Am}
I don't wanna go alone into my bed
Can you let me use your shoulder for my head
         Em
And you don't have to be outside
'Cause I don't mind, I got room, and I got time for you \ensuremath{\text{\textbf{C}}}
Instead of being so cold
[Refrão]
You could stay
And we could binge watch movies night and day
     C G
I don't want you to be 2.9 miles away -Aww-
( C Em Am )
( F C G )
( C Em Am )
( F C G )
```

```
[Segunda Parte]
Whenever I see you I feel like
Another deer or a caribou caught in headlights
Losing my focus on my own but it's alright
'Cause I can see us dancing in the moonlight
Oh, I get so cold without you
About to let you know that
I just renewed my subscription of Hulu
[Refrão]
And baby, you could stay
            Am
And we could binge watch movies night and day
I don't want you to be 2.9 miles away -Aww-
[Final] C Em Am F C G
       C Em Am
