

# BoyWithUke - Before I Die

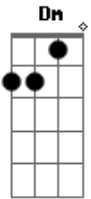

tom:  
 Alright, one and two and three and four, and  
 One month left, my doctor shakes his head, yeah  
 He don't look so good, he should just rest  
 N.a  
 Ba-da-bum, bum-bum-bum  
 Trying hard not to vomit on my bed  
 He said, I should say goodbye to all my friends  
 Before I die, need a little bit, I just need a little bit more  
 Before I die, I just wanna be rich, I don't wanna die poor  
 Before I die, wanna marry her and then I wanna divorce  
 Before I die, I don't wanna die young, I just wanna live more  
 Let's just keep on staying up past two (it's a bad idea)  
 I still see cigarettes by your shoes (ay, clap, clap)  
 When are we going to the zoo? (bitch, when the fuck we

leaving?)  
 There's so many things that I want to do with you  
 Before I die, need a little bit, I just need a little bit more  
 Before I die, I just wanna be rich, I don't wanna die poor  
 (ohh-oh)  
 Before I die, wanna marry her and then I wanna divorce  
 Before I die, I don't wanna die young, I just wanna live more  
 (ohh-oh)  
 Bitch, take me back to Tokyo  
 Can you take me where I wanna go? (go, go, go, go?)  
 Before I die, need a little bit, I just need a little bit more  
 Before I die, I just wanna be rich, I don't wanna die poor  
 (ohh-oh)  
 Before I die, wanna marry her and then I wanna divorce  
 Before I die, I don't wanna die young, I just wanna live more  
 (ohh-oh)
