[Primeira Parte]

**C7M**  
Tell me how to stop, I wanna get off

Nervous when I talk about it

**Bm7**  
See, I'm strugglin' with thoughts, What I

Used to love, Losin' patience and the

Passion

**G**  
Used to think about my younger self

Before I had the wealth, Back when we

Got donations

**Em**  
Just a kid feelin' what he felt, Dealin'

With the issues that he manifested

**C7M**  
Tri?d his best with what he got, But he

Got lost in what h?'s not

**Bm7**

No, he's not a singer and he doesn't

Talk, He just got caught in a

Sub-plot

**G**  
Soon the shot was over, turned into a

Loner, Started losin' power in his own

Songs

**Em**  
He was just a poser, losin' his

Composure, Lookin' for the

Closure that he never got

[Refrão]

**C7M**  
Everything about this life

**G** **Bm7**  
Don't feel the same as your Hazel eyes

**Em**  
Alone

**G** **Bm7**  
I would rather be at home

**C7M**  
And I could laugh, and I could try, and

**G** **Bm7**  
Live this life for a thousand times

**Em** **G**  
I know, I would rather be at home
