

# BoyWithUke - Loafers

tom:

Intro: Dm Bb F C Am

[Primeira Parte]

I keep my windows open  
 Front doors broken, I lost my keys  
 I'm passed out on my futon  
 Gave back your DVD's, it's been so long  
 But your embedded to my thoughts  
 And all the songs bird sing sad songs  
 So how I treated you so wrong  
 I stay up all night long

[Refrão]

I see you on the TV, you're in my melatonin dreams  
 I put my health beneath me  
 But it's frustratin' that we weren't meant to be  
 I'm wasted on the sofa watchin' time fly  
 Wearin' loafers on my feet  
 Restless 'cause I'm lost without you  
 Kinda awkward 'cause we live on the same street

[Pré-Refrão]

You're in my melatonin dreams  
 My eyes can't read what's in between  
 'Cause it's been all just make believe  
 And all I see are fantasies  
 'Cause I'm sippin' on kava tea  
 -Sippin' on kava tea-

[Segunda Parte]

Let's just say goodbye to the good times  
 Once and for all just let 'em go  
 I know they still give you butterflies  
 I'm stuck in an awful state of mind  
 Let it be known that I'm alone  
 So lost from a romantic paradise

[Refrão]

I see you on the TV, you're in my melatonin dreams  
 I put my health beneath me  
 But it's frustratin' that we weren't meant to be

I'm wasted on the sofa watchin' time fly

Wearing loafers on my feet

Restless 'cause I'm lost without you  
 Kinda awkward 'cause we live on the same street

[Pré-Refrão]

You're in my melatonin dreams  
 My eyes can't read what's in between  
 'Cause it's been all just make believe  
 And all I see are fantasies  
 'Cause I'm sippin' on kava tea

[Refrão]

Close your eyes, dance with me  
 Je suis remplie de tristesse et je suis troublé  
 Weren't meant to be  
 But it's okay, I feel your pain temporarily  
 Close your eyes, dance with me  
 Je suis remplie de tristesse et je suis troublé  
 Weren't meant to be  
 But it's okay, I feel your pain temporarily

[Terceira Parte]

And I thought we could be more than just friends  
 But I can understand your situation  
 I felt like you should know, though since we're such good friends  
 I guess I'll just wait until you feel okay  
 Enough to see me like I see you  
 But until then, I can just be your guy best friend

[Refrão]

I see you on the TV, you're in my melatonin dreams  
 I put my health beneath me  
 But it's frustratin' that we weren't meant to be  
 I'm wasted on the sofa, watchin' time fly  
 Wearing loafers on my feet  
 Restless 'cause I'm lost without you  
 Kinda awkward 'cause we live on the same street

[Refrão]

Close your eyes, dance with me  
 Je suis remplie de tristesse et je suis troublé  
 You're in my melatonin dreams

Weren't meant to be  
 But it's okay, I feel your pain temporarily  
 My eyes can't read what's in between-  
 Close your eyes, dance with me  
 Je suis remplie de tristesse et je suis troublé

Cause it's been all just make believe  
 Weren't meant to be  
 And all I see are fantasies  
 But it's okay, I feel your pain temporarily
