

# Brandy Clark - Get High

tom:  
 Capotraste na 1ª casa  
 Intro: E

E  
 She hates her job, loves her kids  
 Bored with her husband  
 Tired of the same old list of things to do  
 So when the to-dos have all been done  
 She sits down at the kitchen table  
 And rolls herself a fat one  
 E  
 Smoke so sweet fills the air  
 She maybe ought to crack a window  
 But all she can do is stare at the paint  
 That's been peeling off the walls  
 A couple tokes and her troubles don't seem all that tall  
 [Refrão]
